Update on Ronni Chasen Investigation

The Beverly Hills Police Department is actively investigating the Ronni Chasen homicide with detectives dedicated to this case around the clock. Their goal is to capture the suspect(s) and resolve this horrific crime.

Detectives have received numerous tips and theories from the public, all of which are thoroughly investigated. One such tip was received from 'America's Most Wanted' television show which ultimately led the Police Department to the Harvey Apartments in the 5600 block of Santa Monica Boulevard, in the City of Los Angeles.

Undercover officers attempted to contact a "person of interest" when he pulled a gun and took his own life. At this time, it is unknown if this individual was involved in the Chasen homicide.

The Police Department will provide the media with immediate updates as new developments occur.
